

November 2018

Dear,

While we have been serving communities in Pierce and St. Croix counties for over 20 years – in fiscal 2018 we made significant strides in key areas – home construction/family support, board strength, ReStore profitability, and our operating strategy! This has been a very exciting year for St. Croix Valley Habitat for Humanity:

This whole experience has been life-changing. It's not just a house, it's a home. We are so excited to raise our family here!"- Jake and Kim Taylor

- We initiated our first major home construction since the completion of the Eco Village development. Our Hammond build is on pace to be completed by the end of the year.
- We strengthened our Board of Directors by adding new members with construction, finance, and fundraising expertise.
- Our Roberts ReStore had a profitable year, thanks to terrific community support!
- Our Board approved a 2018/19 operating plan that includes the completion of three housing projects providing affordable homes for three families in Pierce and St. Croix Counties.

All this is possible because of support from YOU and neighbors like YOU!

Because of your generous support of SCVHFH, you have been identified as one of an elite group of donors that we are now recognizing as **Community Builders**. As a **Community Builder**, you will receive:

- Special invitations to our ground breaking and home dedication ceremonies;
- A **Community Builder** T-shirt;
- Hard copy of our newsletter at least twice a year;
- Annual recognition in our newsletter;
- Invitations to discuss our progress with the Executive Director or Board Member.

Your past support has had significant impact on our organization and our community – your gift helps our community – from building a new home from the ground up, rehabilitating existing homes, helping neighbors remain in their homes through *A Brush With Kindness* and *Aging in Place* home repair programs. These programs provide families with the security and stability of home ownership.

A powerful example of what your support means is the Taylor family. These hardworking parents have committed themselves to doing their part to make a better life for their family. For years, the Taylors have dreamed of a home they could call their own, a place where they could build a lifetime of memories with their two young daughters. Their dream will come true in the next several months when they move into their new home in Hammond. Then there are the dreams of other hardworking families like the Taylors, anxious to have a house where they can create a home. We need your help to make those dreams a reality as we continue plans to rehabilitate homes in Baldwin and Hudson.

When you give directly to **St. Croix Valley Habitat for Humanity**, you are supporting **families** in our community. You are creating homes where families can gather, new traditions can be imagined and created, and parents can watch their children grow up with security and stability. Please invest in a family's future, a gift that will continue to give for years to come. **Please consider a gift by using the attached reply card.**

We don't just build houses – we build homes, community and hope!

Sincerely,

Randy Boser
Interim Executive Director

Yes! I want to help Habitat build more homes and serve more families.

Enclosed is my gift of:

☐ \$1,000 ☐ \$500 ☐ \$250 ☐ \$100 ☐ Other _____

Please make checks payable to St. Croix Valley Habitat for Humanity

☐ Visa ☐ MasterCard ☐ American Express ☐ Discover
